<b>Section III – Bid Data Sheet</b>			
1	ITC 20.1 Qualifying Criteria	<p>"Specific experience of the Consultant (as a firm) relevant to the Assignment: Experience in performing Environmental and Social Assessment as core business of the firm.  <b>Note:</b> The Bidder shall provide documentary evidence of having successfully completed international contracts similar nature, scope, size, and complexity (in the hydropower sector) outside the consultant's home country and in at least two continents within the last 10 years."</p> <p>The firm, established in the year 2021, is a global provider of social and environmental consulting service with operations in India and Dubai. Our directors collectively bring over 40 years of expertise in delivering ESIA studies for leading international organizations.                      They have successfully spearheaded and delivered ESIA projects of similar nature and scope across multiple geographies, including Asia and the Pacific, within the hydropower sector. While the firm is a relatively young firm, our director's extensive experience aligns closely with the requirements outlined in the RFP. Given this background, we would like to confirm if the individual qualifications and project experience of our directors can be considered as fulfilling the Specific Experience requirement for this assignment.</p>	<p>The firm's experience shall be evaluated based on the evaluation criteria set out in the bidding document.</p> <p>The individual's experience will be evaluated under individual specialists (if he/she is part of the team composition)</p>
